

Community Partner Success Story:

Catholic Charities provides a wide range of programs and services to address basic necessities, targeting the Self-Sufficiency goal for our community.

“Janie” had been living with her husband and three young children under the age of 6. She came to Catholic Charities for services after leaving her abusive husband. After a few months staying at the local woman’s shelter, Janie put her goals towards self-reliance into action. She was able to find work and with the support of case management, emergency assistance and individual counseling, established a safe home for her children. Janie is looking to return to school for a degree in medical billing.

A gift of \$3 per week for a year will provide 2 families of four sufficient financial assistance to keep their electricity on during the cold winter or hot summer months.
