

United Way of Douglas County

Community Partner Success Story:

The Douglas County Child Development Association provides child care tuition scholarships, resources for families and early educators, and sponsorship of the Child and Adult Care Food Program, targeting the Education, Health and Self-Sufficiency goals of our community.

“As a recipient of a United Way scholarship, my husband and I are able to send our son, Declan, to a quality childcare program at Children's Learning Center. It is our hope that with the help of our United Way scholarship my husband will be able to attend graduate school in the near future. This will improve our lives and increase his opportunities for employment in a steady paying career with benefits.

Every aspect of my son's day is a learning opportunity at CLC. As a parent, I am extremely satisfied with the nutritious meals, dedicated teachers and support staff. Together with the park like playground, literacy library and educational curriculum, they all provide for his emotional, social and cognitive development. Our family's experience at this childcare center is second to none and my son will be a happier, more successful member of society because of this early childhood education. “

A donation of \$3 per week provides for 10 days of quality childcare for a child like Declan .
