Community Partner Success Story:

Girl Scouts helps girls learn life-long skills through programs that teach responsibility and accountability to their community. These programs target the Education goal of our community.

From Tammy B., Girl Scout Troop Leader and Service Unit Volunteer:

“I have always regretted that I did not have an opportunity to be a part of Girl Scouts as a child. So, as soon as my daughter was old enough to join I signed her up. I wanted her to experience all Scouting has to offer – the morals, the leadership opportunities, the outdoors, and more.

I never thought that when I got her involved, Girl Scouts would also end up being an important part of my life. Through Girl Scouts I am able to see the difference it has made not only in the lives of thousands of girls like my daughter, but also with adult volunteers like myself. There are endless opportunities for girls to learn and grow in a fun environment. I have watched my daughter master life skills like teamwork and self-esteem while making lifelong friends. I know Girl Scouting will continue to be a part of both our lives for a long time to come.”

A donation of \$1 per week provides 4 month's worth of program opportunities for one Girl Scout that helps her build courage, confidence and character with a lasting sense of responsibility and accountability to her community -- local, national and global.
